

Heritage Regatta

2024

Shoreside Logistics Guide

Fleet Notes

The shoreside logistical notes for each fleet are as follows:

- Log Canoe Fleet: Docking for log canoes and their tenders is provided on a pre-approved request basis. Please see the attached docking plan for the slip assignments.
- Shields Fleet: Shields will be docked at TAYC in their assigned slips for the duration of the regatta. Please see the attached docking plan for the slip assignments. All Shields should be in their assigned slip by 6pm on Friday, August 23rd until the end of the regatta.
- Penguin and Comet Fleets: Upon arriving at TAYC, unload trailers in the main parking lot. After unloading, wheel boats and dollies to the assigned location on the beach. Please move vehicles to parking lot or street parking after unloading of all boats / gear.
- All Vehicle Parking: Vehicle parking will be on a first-come, first-serve basis at Tred Avon YC. Once the parking lot is full, street parking will be required for all additional vehicles.
